

TROPHY

Ordered For the City League.

East Akron Will Play Canton Saturday.

Good Show Given by West End Club Saturday Night.

Another interesting meeting of the Akron base ball league was held Sunday, and the prospects now are that even better players than were at first expected, may be secured for some of the teams. Interest and enthusiasm in the league's work is being kept up, and the teams are getting out for practice, and with the arrival of the suits in a few days, nearly everything will be ready for business.

It has been decided to purchase a cup, valued at about \$100, to be presented to the team which wins the season's series of games. Some material from Toledo is the latest to be injected into the teams, and all are nearly selected. The work on the grandstand at Buchtel field will be commenced this week, and the bleachers will also be built in a short time.

The Werner base ball team for this season has been thoroughly organized, and Manager John Griffin is authority for the announcement that it will be the strongest team that the Wernerers have had for several seasons.

The use of the grounds at Summit Lake park has been secured for the season, and there will be a game there every Saturday. The season will open May 3. Manager Griffin would like to hear from the managers of other city teams of this city and nearby towns and townships, to arrange for games. All communications should be addressed to John Griffin, 343 North College st.

RETAINS INTEREST.

Basket ball has retained its hold remarkably well this winter, and the games are being played well into the spring. Two of the warmest games of the season were the one at Ravena, between the Actual Business college team and the Ravenna aggregation, and the game at Canton between the girls of Buchtel college and those of the Canton High school. Both these games were played last week. There were more games this winter than ever before in Akron, although the South End Athletic club team was not organized in time to take an active part. It is predicted that with the interest which has been aroused during the season just ending, next season will see basket ball by far the favorite game with the younger portion of Akron athletes.

BARBERTON TEAMS BUSY.
The Barberton base ball team has already begun active field practice, and is in a fair way to start the season in excellent shape. Good material goes to make up the team, there is plenty of experience in the management, and a record of good games in other years to be lived up to. No regular schedule of games will be made out in advance, and dates will be made as opportunity offers. The whole town turns out whenever there is a game, and plenty of interest in base ball is to be noticed at all times.

GUS MAY GO, AFTER ALL.
It is probable that with the reported abandonment of the Jeffries-Fitzsimmons fight, Gus Ruhlin's contract with the Australian will be annulled in time for Gus to accept the invitation to fight in London during coronation week, when the offer of the European trip was first made, and his manager accepted with alacrity, but the situation was complicated later by the fact that Ruhlin was bound by contract to train Fitzsimmons for his bout with Jim Jeffries. Now it becomes apparent that the fighters are no nearer an agreement than they were months ago, and even the most optimistic among American sporting men believe that the match will never take place.

BOWLING SCHEDULE.

The following games are scheduled in the Akron bowling tournament on the Howard st. alleys for this week: Wednesday night—Fearless vs. Eureka; Friday—Eureka vs. S. O. S.

ERNE POSTED \$500.

New York, April 14.—Frank Erne, the lightweight champion, arrived in New York yesterday and posted \$500 with Al Smith to guarantee his appearance in the ring at the National Sporting club, London, during coronation week. Erne's opponent is to be Pat Daly, alleged lightweight champion of England. Erne is to fight Joe Gans at Ft. Erie May 12.

DETROIT WON AGAIN.

Detroit, Mich., April 14.—The Detroit American league team this af-

ternoon made it three straight games won from the Buffalo Eastern league team. Score: Detroit 13; Buffalo 9. Batteries—Miller, Yeager and McAllister; Ferry and Hooker and Shaw and Bevier.

SMALL AUDIENCE; GOOD SHOW.
The one thing dispensing about the show at the Grand Opera house Saturday night, which was given by the West End Athletic club, was the audience, which was very small. There were ladies in the house, and a representation from every athletic club in the city, and all were pleased with the entertainment that was provided.

The program, which has been mentioned before, was given without a hitch or delay, and although no decisions were given the athletic events were interesting, and without a great deal of the hippodrome which usually goes with exhibition events.

The stars were probably the Parker Brothers, whose bag-punching turn has made these young men favorites with Akron audiences. Theirs is without a doubt the cleverest act of the kind on the stage, and the applause they received was spontaneous and sincere.

Representatives of the other clubs were there with exhibitions of wrestling, boxing, dancing, etc., and the program was highly successful from the standpoint of entertainments. Mr. Sam Young was announcer.

EAST AKRON-CANTON GAME.

The base ball season of the East Akron Athletic club will open, unofficially, with a game against the strong Canton team, on Buchtel field, next Saturday. The East Akron men have had considerable out-of-door practice, and are reported to be in excellent fettle. The oppositions are filled with men of experience and reputation as players, and the team is prepared to give the Canton men a hustle for the victory.

Improvements at the East Akron club house continue, although the progress is slower than was expected at first. Three bowling alleys are being placed in position, and the work in the basement is nearly complete.

ROOT AND STIFFT MATCHED.

Chicago, April 14.—Jack Root, a claimant for the title of light-heavy-weight champion, has been matched to fight Billy Stiff, the North Side pugilist at the Chicago Athletic association, April 19. Root and Stiff were formerly rivals until Root won from the German at a fight in Dubuque several years ago. Since then they have not met.

MORE HARD LUCK FOR GUS.

New York, April 14.—Gus Ruhlin and Tom Sharkey are not to box in England after all. Billy Madden, the "Akron Giant's" manager, says that the proposed tilt is off.

"This is a severe disappointment to Ruhlin and myself," said Madden, "for we pinned our faith and money on having this battle come off. I am still willing to give Sharkey a chance to reconsider, and if he likes, I will arrange to have the winner take all, or any way Sharkey seems satisfactory. Kid McCoy has also refused to box Ruhlin, and when I wanted to substitute 'Denver Ed' Martin he also rebelled, drawing the color line.

When Sharkey was seen he said: "It is true that I have canceled my mill with Ruhlin, and that I will not sail for the other side on April 26, as I had intended. The reason is simple. The purse offered, \$5,000, is not enough. If they hang up a good purse, I will agree to tackle Bob Fitzsimmons in England."

PLANET PLANS INCOMPLETE.

A report, Saturday, that a show will be given by the Planet Athletic club in the near future, was premature. The plans of the Planet club in this regard, have not been taken past more than the first stage, and it is more than possible that no show will be given until next fall. The Davey-Wend folks are considering several bids, and will doubtless wrestle in this city, but it has not been decided that the Planet club will have charge.

The Molineux Case Recalled

By a Wedding Announcement

Yachtsman Who Fig- ured in the Case Will Marry.

New York, April 14.—One of the romantic incidents of the Molineux case is recalled by the announcement of the engagement of Albert J. Morgan, a wealthy yachtsman, and Miss Jessie Flint, daughter of Mr. and Mrs. Frederick W. Flint, of Larchmont. The wedding will take place in St. John's Episcopal church, Larchmont, on April 28.

Mr. Morgan, who is a son of the late Enoch Morgan, was a friend of Molineux, and was at one time reported to have been engaged to Blanche Chesebrough before she was married to Molineux. Mr. Morgan and his schooner yacht, Viator, figured very prominently in the Molineux case.

It was brought out during the trial of Molineux that he and Mr. Morgan were friends, and that Miss Chesebrough had been the clubman's guest on board his yacht on many occasions. Miss Chesebrough's relatives, it was said, were very much surprised when she married Molineux, as they were of the opinion that she and Morgan were engaged.

Mr. Morgan became acquainted with Miss Chesebrough, according to her

sisters, in 1897. He was greatly attracted by her singing and paid her marked attention. About the time H. C. Barnett died of poison Mr. Morgan was taken suddenly ill. It was reported that Morgan, too, had received a poison package, but the young man himself denied the story and said he was suffering from typhoid fever. His statement was confirmed by his physician.

At the same time the illness was reported of W. S. Baldwin, another wealthy young man, who was said to have been attentive to Miss Chesebrough. He had also been a guest on the Viator, as had Molineux. The authorities investigated these reports

HUNDRED MILE COAST.

The Oroya Railway in Peru Distinguished Itself in Many Ways. Lord Ernest Hamilton describes his experience of a thrilling but perilous pastime, the descent in a small hand car of a wonderful mountain railway in Peru.

"As a matter of fact," he writes, referring to the title of the article, "it is 100; but for the sake of a title, the extra six may go—100 are enough at any rate for purposes of illustration. These hundred odd miles are to be found on the Ferro-Carril Central of Peru, commonly called the Oroya railway, and they are to be found nowhere else.

"This Oroya railway is a very wonderful line indeed. It is not only climbs higher than any other railway in the world, but also distinguished itself in a variety of other ways incidentally referred to hereafter. But the accomplishment with which I am chiefly concerned is this—that it provides the only route in the world which a man on wheels can travel over 100 miles by his own momentum and practically at any pace to which the fiend of recklessness may urge him.

"The object of what is here written is to trace the sensations born of a run down from the summit of the Oroya railway, 15,660 feet above sea level, to the verge of the Pacific. You start under the eye of the eternal snows, and you finish among humming birds and palms. You start sick with the unspeakable sickness of sorocche, and you finish in the ecstasy of an exultation too great for words.

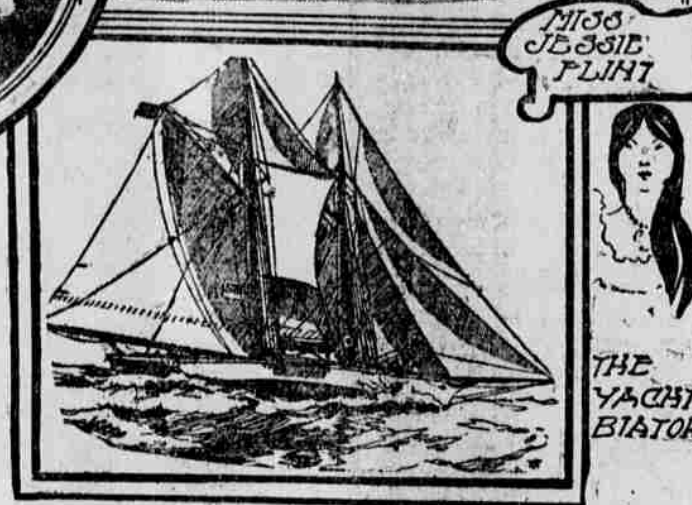

"The gods of Olympus were worms beside the man who has during the last three hours controlled his car from the Paso de Galera to Callao, for it is in the control that lies the joy, as in other things apart from car running. To sit beside the brakeman is good, but to drop the brakeman on a friendly siding and grasp the lever in your own firm but not too exacting hand is to sup a liberal foretaste of the joys of heaven.—Pearson's Magazine.

Escaped It.

"What is it? An amateur concert?" "Yes, but it is to be given by the best talent in the neighborhood, and it's for charity."

"How much are the tickets?" "Fifty cents. You ought to buy a couple of them and go."

"I think I'd rather buy four of them and not go. Here's your money."—Chicago Tribune.

and young Morgan was a witness in the case. It was only shown, however, that Blanche Chesebrough and her sister had frequently been guests on the yacht.

Mr. Morgan has a city residence at No. 243 West Seventy-second st., and is a member of the Racquet, St. Nicholas, Colonial, New York Athletic, Atlantic Yacht and Uptown clubs.

His fiancée is an expert golfer, an equestrienne and a lover of yachting. A handsome villa is being built for the couple at Larchmont, which they will occupy after their honeymoon, which will be spent abroad.

What He Came For.
A learned judge who was one of the guests at a dinner was unexpectedly called upon to reply to a toast. Recovering somewhat from his surprise, he said that his situation reminded him of the story of a man who fell into the water while he was fishing.

With no little difficulty he was rescued, and after he had regained his breath and was in a fairly comfortable condition, his rescuer asked him how he came to fall into the water.

"I did not come to fall into the water," replied the unfortunate fisherman. "I came to fish."

HOME RULE

Favored by Fire Chief Mertz.

Why Firemen Took Their Trouble to the Legislature.

"I want to say for Fire Chief John Mertz that he is in favor of home rule in all our city affairs," said Captain C. S. Jost of No. 1 engine house, Monday, referring to the bill introduced in the Legislature to give the firemen additional pay. "When the firemen first talked of the bill it was because it was said that, as the city was in debt, an effort would be made to cut the wages of the firemen and policemen as a measure of economy. We wanted to prevent the reduction and proposed to secure a law which would accomplish that purpose. We had already gone to Council asking for increased salaries and were turned down; still Chief Mertz said he thought this matter should be brought before the council. But while one council might agree that there would be no reduction of salaries, another might not acquiesce. A state law would prevent cutting the wages below a certain point.
